

The Libby App is Where It's At

OverDrive, a free eMedia service available to WPLD members, is discontinuing its original app this year. We're encouraging app users to make the switch to Libby, the one-tap reading app for free books, audiobooks and magazines all in one place.

With Libby, WPLD library cardholders can:

- Choose a wide range of titles from our catalog: The Libby app has thousands of items from over 100 fiction and nonfiction subjects for all ages.
- Read on multiple devices: All your loans, notes, bookmarks and reading progress sync across your devices in the Libby app.
- Listen in your car: Enjoy audiobooks in your car through Apple CarPlay, Android Auto or a Bluetooth connection.
- Send books to Kindle: If you prefer reading on your Kindle, Libby can send your library books to it.
- Access materials offline: Download books and audiobooks for offline reading or stream them to save space.

As of March 1, 2022, the original OverDrive app won't be available. (If you already have the app, you'll be able to use it until the end of 2022.)

The great news is...if you like to read on the OverDrive desktop browser, you'll still have that option. Title selection through OverDrive isn't changing, only the app is. All the amazing books, audiobooks and magazines will still be available on the OverDrive desktop browser as well as the Libby app.

So, get ahead of the curve and give Libby a try today! Download from the App Store or get it on Google Play. If you have questions about using the app, call or stop by our Adult Services Desk. 630/393-1171 x121.
